THE STATE TREASURY

Report of the Joint Committee appointed to Examine the Books and Accounts of the State Treasurer and Secretary of State.

The Joint Committee appointed to examine the books and accounts of the State Treasurer and Secretary of State would submit:

That, by virtue of the power and authority with which your committee was invested, they procured the services of Mr. M. K. Lauden, an experienced accountant and one of the proprietors of the National Commercial College of Portland, to assist them in the examination of the books and accounts of the offices above named.

Mr. Lauden appeared before your committee on the 24th of September, and being placed under oath to make a true and faithful investigation of the books, accounts and vouchers of the offices above named, and having been fully authorized and instructed by the Committee he was assigned to duty in the office of the State Treasurer.

The report of Mr. Lauden embraces the result of his examination, and it is herewith embodied and made part of this report in order that this body and the public at large may know as to the facts in the premises.

REPORT OF M. K. LAUDEN, TO THE JOINT COMMITTEE OF THE LEGISLATIVE ASSEMBLY, TO INVESTIGATE BOOKS AND ACCOUNTS OF THE STATE TREASURER.

In accordance with instructions from the Joint Committee, appointed by the Legislative Assembly to investigate the books and accounts of the State Treasurer, having been first placed under oath by said Committee to make a true and faithful examination, would report that I entered upon the examination of the books and accounts of the State Treasurer on September 28th, and continued my labors in the examination of all matters relating to the business of that office for twenty two consecutive days.

RECEIPTS.

I commenced my examination by comparing the receipts of the Treasury, as reported by the State Treasurer, with the original entries in the cash book and ledger, and the duplicate receipts of the Treasurer on file and on record in the Secretary of State's office, as well as the printed report. I went through all the additions and extensions, and find that the Treasurer has received during the fiscal years of 1867 and 1868, including balances on hand at last report, the sum of three hundred and ninety seven thousand five hundred and forty five one-hundredths dollars ($397,500 45-100), which agrees with his report to the Legislative Assembly.

DISBURSEMENTS.

After the examination of the receipts as above set forth, I proceeded to examine the warrants or vouchers paid by the State Treasurer from the several appropriations, as made by law. I examined and carefully compared each warrant paid with the ledger accounts, as well as with the printed report. I found all the warrants properly entered and charged against the several funds upon which they were drawn—in separate packages and arranged in the packages in the same order as they appear on the ledger and the printed report.

I went over all the additions with care, and as the result of my examination of Secretary of State's warrants, paid by the Treasurer, find that the following disbursements have been made as follows:

From General Fund	$ 24 591 28
" Penitentiary Fund	40 099 07
" Penitentiary Building Fund	7 130 19
" Incidental Fund	8 266 22
" Executive Fund	10 659 11

" Insane and Idiotic Fund	86 000 00
" Convict Fund	9 000 00

" Military Tax Fund	2 373 00
" Common School Fund—coin	56 00

Making the total amount paid out upon the Secretary of State's warrants the sum of two hundred and forty four thousand nine hundred and ninety-eight and ninety three one hundredths dollars ... $244 998 93

STATE BOUNTY BONDS—INTEREST AND REDEMPTION THEREOF.

The examination of this department occupied a large proportion of my time, notwithstanding everything pertaining thereto was in order and well arranged for examination. I commenced my examination by comparing the books of the Adjutant General with the record of the State Treasurer, giving the number of the bond, to whom issued, date of issue, and the amount of bond, and finding the records agreeing, I took up the warrants drawn by the Secretary of State upon the certificate of the Adjutant General, and upon which the Treasurer has delivered the bounty bonds. I found these in order all carefully arranged in consecutive numbers excepting for such bonds as are still in the hands of the Treasurer ready for delivery, upon presentation of proper warrants therefor.

Having gone through with the entire issue (2,705 bonds), and having examined the pay rolls and being satisfied as to their correctness, I proceeded to examine and investigate the coupons, (paid by the Treasurer from February 25th, 1866, to September 5th, 1868, both days inclusive) upon this series of bonds. The coupons as presented to me by the Treasurer were in packages neatly put up and endorsed on the wrapper the number of coupons which the package contained and the value thereof in dollars and cents. These packages contained from twenty five to fifty, and in a few instances one hundred each, of the value of one dollar and seventy five cents each coupon. They were all carefully cancelled by punching and thus disfiguring the face thereof. I examined these coupons with great care, counted and recounted each package, compared them with the entries and postings to the ledger, also with the printed report of the Treasurer, and find as follows:

That the State Treasurer has redeemed and paid two thousand six hundred and thirty three coupons of the value of one dollar and seventy five cents each from February 25th, 1866, to September 3d, 1866 (and which were examined by a former committee and not included in the disbursements made during the years of 1867 and 1868) amounting to four thousand six hundred and seven and seventy five one hundredths dollars ($4 607 75)—making a difference of the amount reported to the Legislative Assembly in 1866 of one dollar in favor of the State Treasurer.

From September 3d, 1866, to September 5th, 1868, (the period embraced in the report now under examination) there has been paid the number of nine thousand six hundred and fifty three full coupons, of the value of one dollar and seventy five cents each, also three hundred and twelve fractional coupons, being interest for three months and twenty days, which together in the aggregate amount to seventeen thousand one hundred and thirty four and seventy one hundredths dollars ($17 134 70)—making a difference between the amount actually disbursed and the amount reported by the State Treasurer of fifty cents in his favor.

These coupons, after examination and going through with all the entries, additions and extensions, were placed in one package excepting the fractional coupons above mentioned, which still remain on the redeemed bonds of date of March 20th, 1868. The package contains twelve thousand two hundred and eighty six coupons, and is sealed with wax, and a certificate placed on the wrapper showing the value, the examination and its correctness.

My next labor was devoted to the examination of cancelled bounty bonds, which have been redeemed from time to time in pursuance of law.

These bonds have all been duly registered according to Act of 1866, providing for their registration and the record shows the number of the bond, to whom issued, date of bond, amount of bond, date of redemption and the amount paid therefor and the whole amount carefully added, each redemption separate and carried forward correctly.

These bonds were carefully examined one by one, and compared with the register of redeemed bonds. I found all the coupons which would become due subsequent to the date of their redemption still attached to the bonds and each and every coupon together with the bond itself, all carefully cancelled by punching.

Three redemptions have been made as follows: September 5th 1866, March 20th 1868, and August ... 1868.

I have examined all the bids made under each advertisement for redemption, and find that the bids have been opened in presence of the Secretary of State, and that the amount paid at each redemption was in accordance with the bids on file duly certified under the seal of State.

On September 5th, 1866, four hundred and seven bonds were redeemed for fourteen thousand nine hundred and ninety ... dollars ($14 991 00).

On March 20th, 1868, three hundred and twelve bonds were redeemed for fourteen thousand nine hundred and ninety four dollars ($14 994 00) and on August 1st, 1868, two hundred and seventy three bonds were redeemed for thirteen thousand six hundred and fifty dollars ($13 650 05 100).

Making the total number of bonds redeemed nine hundred and ... of the value of forty ... thousand six hundred dollars ($49 ... 00 00) and the amount paid for their redemption by the Treasurer ... thirty ... thousand six ... dollars ($... 635 00), which agrees with the report of the State Treasurer, as submitted to the Legislative Assembly.

RELIEF BONDS—INTEREST AND REDEMPTION THEREOF.

There has been but one redemption of this class of bonds which was made on March 20th, 1868, at which time seventy eight bonds of various denominations were redeemed, of the aggregate value of eleven thousand three hundred and ninety-five dollars (11 395 00), and which were redeemed for the sum of ten thousand two hundred and fifty five and fifty one hundredths dollars ($10,255 50), and which is correct, as reported to the Legislature.

I have also examined the bids made for surrender, and find the bonds were redeemed in accordance with the lowest bid on file.

The same cancellation was made of the coupons bonds as in the case of the bounty bonds, and all the coupons still attached to the bonds, except those which became due prior to their redemption.

The coupons for interest, of this class of bonds are different from those on the bounty bonds varying from forty seven cents to six dollars and thirty cents. These coupons were done up in packages the same as those of the bounty bonds, with a memorandum enclosed in each package stating the number of coupons, the amount of each one, and the amount of the sum total.

As the result of my examination I find that, from February 25th, 1866, to September 3d, 1866, the State Treasurer has paid seven hundred and one coupons, amounting to five thousand six hundred and twenty nine and eighteen one hundredths dollars ($5,269 18)—making a difference between the books and printed report of four dollars and forty four cents against the State Treasurer.

From September 3d 1866, to September 5th, 1868, both days inclusive, the Treasurer has paid two thousand one hundred and sixty three (2 163) coupons, amounting in the aggregate to twelve thousand six hundred and forty seven and fourteen one hundredths dollars ($12,647 14), together with the additional sum of one hundred and seventy-six and seventy four one hundredths dollars for fractional coupon, which are still attached to the bonds redeemed March 20th 1868—making the sum total paid in interest on relief bonds from September 3d 1866 to September 5th 1868 twelve thousand eight hundred and twenty three and eighty eight one hundredth dollars—making a difference between the amount actually paid, as per vouchers and the amount reported to Legislative Assembly of eight dollars and thirty nine cents in favor of the State Treasurer.

SCHOOL AND UNIVERSITY FUNDS—LOANED.

The examination of all securities in the hands of the Treasurer for moneys loaned from both of these funds, were examined and passed upon, in person, by a full committee, my examination extends only to amounts and correctness of the account as reported to the Legislative Assembly.

I find that the Treasurer has loaned, by and with the advice and consent of the Land Commissioners, from the common school fund, in U. S. currency, the sum of twenty two thousand and eighty six and thirty five one hundredths dollars ($22 086 35) and in U. S. coin the further sum of two thousand seven hundred and forty four and twenty two one hundredths dollars ($2,744 22)—making a total sum loaned in currency and coin, twenty four thousand eight hundred and thirty and fifty seven one hundredths dollars ($24,830 57).

And that the State Treasurer has also loaned from the university fund, with the consent and approval of the Board, in U. S. currency, the sum of one thousand six hundred dollars ($1,600), and in U. S. coin the further sum of one thousand three hundred and eighty five dollars ($1,385 00)—making a total sum loaned from the university fund, in currency and coin, of two thousand nine hundred and eighty five dollars ($2 985 00).

RECAPITULATION.

The following condensed statement will appear by examination of the foregoing as the result of my examination:

The Treasurer has received from all sources including balance as per last report	$396 500 45
The Treasurer has paid out upon the Secretary's warrants	244 998 93
Interest Coupons Bounty Bonds	17 134 70
Bounty Bonds—redeemed	43 635 00
Interest Coupons Relief Bonds	12 823 88
Relief Bonds—redeemed	10 255 50
Common School Fund—loaned	24 830 57
University Fund—loaned	2 985 00
Discount on Legal Tenders sold	461 91
Total paid out	$357 125 48
Leaving a balance in the Treasurer's hands, due State of	$40 374 97

Making a difference between the amount reported to the Legislative Assembly and the amount found actually due amounting to eight dollars and eighty nine cents ($8 89) in favor of the State Treasurer.

In the Relief Fund, upon coupons paid from February 25, 1866, to September 3, 1866, which period was included in the report of 1866, there is a difference of four dollars and forty-five cents (4 45) against the Treasurer. Also for the same period, there is a difference in the Bounty Bond Coupons paid, from the report of 1866, of one dollar in favor of the State Treasurer—making a difference on the whole of five dollars and forty four cents ($5 44) in favor of the State Treasurer.

Thus making the actual balance on hand ($40 ... 42) forty thousand three hundred seventy eight and forty two one hundredths dollars, instead of $40 383 86 as reported by the State Treasurer.

KEEPING OF THE BOOKS.

The records of the transactions of the Treasury Department I have found full and complete, the system of keeping the accounts well adapted to the business and the entries are all so plain and definite on the face that there is no difficulty in tracing each account and proving its correctness by the vouchers on file. The books and records of the office are kept in a systematic manner and with great neatness. The Treasurer is entitled to thanks for the great pains he has taken to so arrange the vouchers that the accounts could be examined with rapidity and at the same time thoroughly.

M. K. LAUDEN.

October 19, 1868.

Your Committee examined in person all the securities held by the State Treasurer for School and University funds; and are of the unanimous opinion that the securities are ample, and that great pains have been taken in loaning these funds. In addition to the customary first mortgages usually taken, collaterals are also taken in shape of Insurance Policies on perishable property, payable in gold coin, thus making the security doubly sure.

Your Committee also examined and carefully counted the cash remaining in the hands of the Treasurer in actual currency and found it agreeing in amount with the report of Mr. Lauden.

Your Committee would further add that this is the first investigation made in the Treasury Department during the official term of the present incumbent, and your committee can only add their testimony to that of former committees in expressing the belief that the business and duties of the Treasurer have been faithfully and honestly discharged.

Your Committee also submit the report of the Accountant in examination of Secretary's books and accounts, which will give in detail the onerous duties performed by that officer.

In conclusion, your committee would submit these reports of Mr. Lauden for the consideration of this Legislative Assembly and the people of Oregon, and respectfully submitted.

Senate Chamber, October 24, 1868.

Owing to the fact that the fiscal year ends at so late a day, the Secretary of State is, and was unable to furnish his printed Report in sufficient time for as careful and thorough an examination as was necessary to enable your committee to report all the details of the business of his office, and [they] would herewith submit the report of Mr. M. K. Lauden, and recommend that the examination be continued by a future Legislature.

REPORT OF M. K. LAUDEN ON BOOKS AND ACCOUNTS OF THE SECRETARY OF STATE.

To the Joint Committee of Legislative Assembly to examine the Books, Accounts and Business of the State Treasurer and Secretary of State:

Having been appointed and duly authorized to examine the Books, Vouchers and Business pertaining to the office of Secretary of State, would respectfully submit:

That after a thorough investigation of the matters pertaining to the Department of State, I have been unable to discover any errors or discrepancies, and find full and complete vouchers on file for all warrants drawn on the Treasurer. The books and records are kept in a systematic manner, and with great care and neatness.

The printed Report of the Secretary, as presented to the Legislative Assembly, contains a new feature, that of stating the nature of the claim on account of which the warrants were issued. On account of the manner in which this extension had to be done in preparing it for the printer and the late issuance of the report, no time was left to correct the proof, hence there are some errors in the extension of the nature of the claim on account of which errors the expense in some directions appear unnecessarily large, but upon full investigation I find, however, that this is not the case, especially not in amounts paid out of the Incidental Fund. Otherwise, I find the Secretary's Report true and correct.

The business of the office is extensive, and continually increasing. By a provision of the Constitution, he is not only required to act in the capacity of what is usually regarded as the duty of Secretary of State, but he is also required to act as Auditor for the State, and superintend many things which, in the aggregate, consume much time.

For his politeness and accommodating manner in regard to the examination of the Vouchers, Books and Records, he deserves the thanks of the Committee.

Jottings from the Herald.

We cull the following from the New York *Herald* of October 17:

FOR SALE.—We understand that the copperhead committee of the Manhattan Club offer for sale their two sleek and fat candidates for President and Governor, or they will exchange the same for votes for Congress and Assembly. Applications to be made at the Manhattan Club.

ASKING TOO MUCH.—The clique of the Manhattan Club is asking another declination from Seymour. He always does it before he is nominated, and as often as you like; but after nomination he is like Stanton, he "sticks."

THE DRAWBACKS.—Monsieur Manton has discovered that the great drawbacks to the Democracy in these elections were—

1. Blair's Brodhead letter.
2. Blair.
3. Wade Hampton and such.

The remedy proposed is to get Mr. Belmont's National Executive Committee together and try the Japanese experiment of hari kari upon the democracy, or to throw up the sponge in the third round in behalf of Seymour and Blair.

TOO FAR BACK.—In lieu of the Tammany Democratic platform the kitchen clique at Washington propose the constitution of 1789. Can a party go forward in going backward?

A LESSON FROM McCLELLAN.—His change of base by a flank movement from the line of the Chickahominy swamps.

GAME TO THE LAST.—It is reported from Washington that President Johnson is ... to relieve Seymour as the democratic candidate, and thinks the change would be a good move. What a pity they have not a little of Johnson's pluck among the bloated bondholders of the Manhattan Club!

THE WHOLE HOG.—The Manhattan Club politicians and some Western and Washington wiseacres have set their heads together and want Seymour and Blair to withdraw from the contest. But what are they going to do with the platform? If they desire to get rid of their candidates they must "go the whole hog" and throw their stupid platform overboard as well.

BEECHER ON GRANT.—In a speech delivered in Brooklyn, on the 9th instant, Henry Ward Beecher said:

"I believe Grant pre-eminently a man of administration. I believe he has not only laid the country under obligations to him which we can never repay for the services he rendered during the war, but I believe he is destined to lay the country under greater obligations. He will give us an administration so temperate, so divested of passion, free from all malign influence, so wise in his selection of men, so judicious in his carrying out measures, that we will see date from his administration a re-continuation of Washington himself—[cheers and applause]—a man whom in many important respects he resembles—(applause)—and in no respect more than this—in his wisdom in taking counsel of wise men and in making his personal decisions reflect the wisdom of all the counselors he can gather around him. If General Grant sits at the head of the government of these United States there is not a single working man in the nation, not one poor emigrant, not one dusky creature that by his pine knot candle reads his spelling book that will not feel that he is safe and secure after General Grant is President—will know that the Republican party is the party of the common people, the party of universal suffrage and every human being in the United States will know that the power of the government and the party of enlightened and Christian people will be all in favor of the greatest security and the greatest measure of liberty to all. (Cheers.)"

How will the cringing Northern Democrats relish this dose from the Augusta (Ga.) *Constitutionalist*:

General Blair struck the true issue of the campaign in his Brodhead letter and although some foolish Democrats have sought to apologise for or explain its direct utterance they would have exhibited far more wisdom had they pushed his idea aggressively on the stump in the East and West. Had the South kept silent and *worked in secret* and the North roused herself with the misplaced vigor and fervor of the South, Frank Blair's letter would have been no stumbling-block in the way of Democratic success. But precipitate Southerners compelled the sluggish Northern Democracy to qualify their predetermined policy of aggression and assume a curious attitude of defense. Would to God they had been more alert or we more patient.

The Panama *Star* ridicules a speech made by President Johnson to the Colombian minister, Senor Acosta, in which he said the highest point to be crossed was only 40 feet. The *Star* thinks that if there had been any such place the railroad would not have ascended to 260 feet.

The *Star* tells the exact truth when it says there are few things about which Johnson has made a bigger fool of himself than on the subject of hanging traitors and making treason odious. He has hung no traitor and he has made himself odious.

Fifteen feet of the San Francisco Mint chimney has been cut off, and an iron chimney will probably be put in when the establishment closes for annual settlement.

A Suggestion Regarding the Indians

[illegible] Indian Commission [illegible] plan [illegible] as has been found and [illegible] about as much expense to the Government.

But the Indian Commission [illegible] a new plan of dealing with the Indians [illegible] one which if adopted [illegible] attended with beneficial results. They recommend that the Government shall [illegible] adopt a policy that shall [illegible] the independent tribal organizations of the Indians [illegible] responsibility. Here would [illegible] anomaly that cultivates [illegible] depredation and fosters [illegible] since that [illegible] pell [illegible] to relation with the Government as individuals and not as tribes would acquire the idea of personal responsibility, the first fact of civilization. If they could not become civilized they would cease to trouble and soon melt away.

This suggestion that the Indians should be dealt with as individuals rather than as tribes is founded on one of the plainest principles of human nature. Exempt any class of human beings from personal individual responsibility and let them feel that there is a multitude associated with them among whom the blame can be shared and they will not stick at the perpetration of any deed whatever. This is the principle which creates and inspires a mob. Men often join a mob and become foremost in the commission of acts of the greatest enormity who under other circumstances would start back in fear and horror at the mere suggestion of such crimes. The reason of their action is that they lose the sense of personal responsibility and all restraint is gone. So our Indians, dealt with as organized bodies and not as individuals who are held to personal accountability, are continually committing acts of lawlessness and outrage. There is a ray of light in the suggestion of the Indian Commission which may help to solve the troublesome Indian question.

Report on the State Treasury

We publish to-day the report in full on the condition of the Books and Accounts of the State Treasurer and Secretary of State. The reader will see that a Committee of both Houses of the Legislature, two-thirds of whom are Democrats, have not only declared upon the fullest investigation that those officers have 'honestly and faithfully discharged their duties,' but have also highly commended them for the efficient, able and thorough manner in which the business has been transacted. This, then, is the result of all the unscrupulous attacks which have been made upon the integrity of those officers during the last two years. Ben Hayden's speeches, 'Raleigh's' letters and Beriah Brown's editorials may now be estimated at their true value. This Democratic endorsement of the faithfulness and honesty of the Republican State officials will serve as a very good document in our next political campaign, when these same lying malignants whom the Democratic party allows to be its leaders, will be sure to reiterate their former charges about the mismanagement of the State Treasury. Three times before this during the official term of the present incumbents, this investigation has been made and everything pronounced satisfactory, yet these party hounds have never left off yelping at the heels of the State officers, and probably will not now, even after this fourth investigation, conducted entirely by Democrats, has been made. Nobody expects to see decency, honor, dignity or fairness in the class of men who are permitted to lead the Democratic party in this State.

Good Sense.—A correspondent of the *Independance Belge*, a European paper, writes an account of a recent visit to General Grant at Galena. In reply to some observation about the condition of our Southern States Grant said, with animation: "The Southerners are passionate and lose sight of their own interests in serving the Northern Copperheads, who will laugh at them when their aid is no longer required. It is absolutely necessary to give political passions sufficient time to pass away; the young generation comprehends its duties and interests better. A new war is impossible, and as to a war of races, I do not believe in it. The Southern negroes are not so reckless nor so determined as those of St. Domingo, and if ever the whites should take the initiative in such a conflict the Federal army would soon put a stop to it. The pacification of the country will come by and by, and whatever occurs, the North which has abolished slavery decreed the political and civil equality of the blacks and whites, and opened the South hitherto closed to emigration is always ready to go to war, if unfortunately, circumstances should demand it. Jealous of its work, the nation will never permit it to be imperiled by any factious doings." Yet Grant's defamers have been telling us that he has no conception of our political situation or the treatment it requires.

Seymour's nomination was dictated by [illegible] but the nomination of Blair was the [illegible] action of the party, [illegible] by his avowal of armed rebellion as the Democratic means to restore the rebel States to their ante-war condition. How unjust and dishonest then was the late attempt to shake off Blair.

Now that it is settled that Oregon has gone for Seymour and [illegible] a majority equal to about one tenth of that of last June, we suppose Beriah will be figuring out large Democratic gains. Readers of the Oregon [illegible] for some interesting mathematical [illegible].

Advices from the Dalles [illegible] inform us how [illegible] the Democracy [illegible] vast [illegible] has been [illegible] since they heard from [illegible] this side [illegible] Umatilla [illegible] and they saw the [illegible] making [illegible] and Baker [illegible].

The Blair family [illegible] America. Like their [illegible] race [illegible] and American Bourbons are repudiated at about the same time and the family [illegible] has disappeared [illegible].

[illegible] the Democratic party [illegible] swagger [illegible] and the [illegible] Alabama [illegible] whipped out [illegible].

The [illegible] to San Francisco lately [illegible] attempt to get into Coos Bay through the thick fog, reported that three hundred birds fell dead on the deck of his vessel on one day while he was trying to get in.

Oregon a Lonely Mourner for the Lost Cause

Oregon, being the Democratic [illegible] an insignificant majority and great is the rejoicing in the [illegible] of the Grand Cyclops of the Ku Klux. Their rebels have once more come to the relief of the Copperhead cause. This reinforcement was opportune for without it Democracy was thoroughly used up in Oregon. It is natural for the Democracy to have [illegible] only by the [illegible] through the help of the [illegible] exult with exceeding great joy. It appears that [illegible] boys in Eastern Oregon [illegible] don't give any requirement [illegible] restoration of the "Lost Cause." The nomadic rebel Democracy of the country between the waters of the Missouri and upper Columbia combining the characteristics of the wild Indian and the unreconstructed rebel can change about from one place to another to suit the exigencies of the [illegible] in Oregon, again in Idaho, Montana or Washington and back again in Oregon when the next occasion requires. A large part of them can boast of neither local habitation nor a name. They constitute the Democratic flying brigade operating on the frontier and move hither and thither at the command of their leaders to afford relief to the hard pressed Democracy. It is anything but agreeable to have a majority of the actual voters of the State beaten by this wandering rebel horde who live nowhere and help to bear none of the burdens of government. But so it is, and as one of the evils of Democracy it is a thing which must for the present be borne. This thing will not last much longer however, for at the next election we shall obtain a sufficient majority on this side of the mountains to beat any number of rebels, hanged or unhanged, which can be brought in and voted in the Eastern counties.

Good for Nevada

The State of Nevada, like California, is all right. If Oregon, the other Pacific State, is Ku Kluxed. A telegraphic dispatch received here yesterday from Virginia City states that Nevada gives 1,200 majority for Grant. The brutalized mob of New York city has given the State of New York and the neighboring State of New Jersey to Seymour against the votes of their respectable, responsible citizens, and a rebel rabble from Missouri has sent Oregon the same way. But every other Northern State repudiates this infamous party. Frank Blair sent enough rebels whirling out of Missouri to Democratize Oregon, Idaho and Montana, but thanks to a kind Providence, these rebels cannot vote in every place at once, and Missouri therefore is a Republican State. Poor Oregon looks very lonely indeed in the Ku Klux column. But glory to Nevada and California! twin sisters in freedom and loyalty on the Pacific—they have done well. Their voices are helping to swell the general acclamations which greet the great victory. But courage, Republicans of Oregon! You have almost succeeded in delivering your State from the folds of the foul serpent. One more effort, and you shall surely triumph.

The Latest Figures

We append a table of majorities in the several counties of the State as far as reported:

	GRANT.	SEYMOUR.
Multnomah	123	
Clatsop	35	
Tillamook	20	
Columbia		0
Clackamas	51	
Washington	193	
Yamhill	60	
Polk	12	
Benton		13
Linn		2
Lane		11
Marion	5	
Douglas	106	
Jackson		231
Josephine		1
Coos and Curry	100	
Wasco		
Umatilla		1
Union		1
Baker		4
	1,264	1,4

Grant county is reported to be nearly even with a probability of a small Republican majority. If the figures reported in the Eastern counties are correct the majority in the State for the Seymour electors will be somewhere near 200.

The Sacramento *Bee* says that Governor Haight, the Democratic Governor of California, who is a resident of San Francisco and has considerable knowledge of his party friends there, felt obliged before the election to call on the commander of the United States troops to have a force ready to shoot down the Democratic rabble of that city in case they should attempt any disturbance or riot. This fact is a beautiful commentary on Democracy.

STATE ITEMS

All over Oregon the Republicans have been jubilating over the great victory gained in the late election.

The Yreka *Journal* says the Goose Lake country is fast settling up, and good prospects [illegible] mining are reported about the head waters of Sprague's river.

The editor of the Democratic paper at Jacksonville says he has been on a flying trip. The Roseburg *Ensign* supposes he has been out looking after the gone gosling party.

Morford's ditch, which carries water from the South side of the Umatilla river at the rapids, near Umatilla City, is now completed five miles below the city, to the Columbia, where miners are sluicing the river bars with fair success.

The Copperheads of La Grande burned Gov. Woods in effigy the other night. A short time afterwards their town was nearly destroyed by fire. Whether the conflagration was kindled from embers of the fire which the drunken rebels had been dancing around, we are not informed.

BY DALLES TELEGRAPH

DALLES, Nov. 9—3 P. M. We are indebted to Mr Holland, W. F. & Co's messenger for the following election news, which was the latest received at Umatilla when he left there this morning:

Umatilla county two hundred Democratic majority.

Union county three hundred and seven Democratic majority.

Baker county, two hundred and forty two with one precinct to hear from.

A disastrous fire occurred in La Grande on the evening of the 7th inst. The losses as near as can be ascertained are as follows: [illegible] buildings $900; J. C. Dow law [illegible] $800; [illegible] Albers [illegible] house [illegible] $2,000; J. A. McWhirter, $400; [illegible] Payton's building, occupied by J. Geer, $ [illegible]; Halsey & Deal drug store, dwelling house and barn $3,000; M. Wilk[illegible] building [illegible]; a China wash house $300. Total, $11,700.

The Springfield *Republican* [illegible] sometimes called conservative, and certainly its ill-natured and often unfair attacks upon Grant [illegible] would seem to put it into that category, but which of all the radical journals in this [illegible] has ever uttered a more [illegible] sentiment than this, which we copy from the [illegible] of the 28th ultimo:

If Georgia rebels persist in their revolutionary course, the only way to deal with them is to [illegible] them that the same power that put the State back into the Union can put it outside again and keep it until it has [illegible] its Constitution into harmony with the spirit of the [illegible].

The Valley of Virginia retains its old reputation for fruitfulness. "Scarcely a vestige of the late war is visible," says the Lynchburg (Va.) *News*, "in this beautiful and highly favored section of country."

His attachment was not reciprocated nor were his addresses sanctioned by the parents and at their request he removed to another boarding place. He returned to visit the family and on Saturday evening bought a bottle of champagne of which Mr and Mrs McDonald and the children merely tasted and were afterwards taken violently ill. It afterwards transpired that Jacobson had attempted to poison the entire family, but owing to the small quantity which [illegible] Frank they escaped death. Aurora Precinct.—Aurora precinct of Marion county, is probably the banner Union precinct of the State, having given one hundred and thirteen votes for Grant and only five for Seymour. This result is no doubt largely due to the Ku Klux ... assaults made upon the colony of Germans composing the precinct, by F... and one or two other Ku Klux ... to the Legislature. The German colony being assailed and maligned in a most unjustifiable manner, its people, naturally became indignant and aroused themselves against their maligners. The result above ... is not however, altogether due to this cause. The people of the colony are a sober industrious, religious and ... people and, there ... an intelligent people. In this and many other respects they are in strange contrast with most of those ... of Marion of any other ... which habitually vote the Democratic ticket. While Aurora adds largely to the wealth of the county in material improvements and in paying taxes, it has never yet cost the county a cent on account of crime or misdemeanor committed by one of the colonists proper. It has gone straight along in soberness, industry and prosperity; it has some of the most substantial men of the county, some of the best buildings outside of Salem, one of the best hotels on the stage road, a fine church, a good mill, some of the best conducted farms in the county, and a population whose ... compares well with the average anywhere in the State and whose loyalty to the Union is preeminent. It is little wonder, then, all these things being so, that Ku Klux editors and legislators have no words for the colony but those of bitterness and hate. But, we reckon, the Germans can stand this Ku Klux abuse. If the Ku Klux can, in turn, stand the way the Germans vote.

TEETH EXTRACTED
By Dr. Richardson's Apparatus, Lately Improved by Dr. Koehler, with Ether Spray.
WILLIAM KOEHLER,
DENTIST.

OFFICE—Southwest corner Front and Yamhill Streets, opposite E. J. Northrup & Co's Hardware Store.
I am now making, amongst numerous other styles of ARTIFICIAL TEETH, the improved Vulcanite Plates of Dr G. W. Cool's Patent, patented Dec. 3, 1864, the improvement of which consists in lining the entire concave surface with fine gold, it not only makes the plate double as strong and cleaner than the common Vulcanite Plate. It also can by it be made considerably thinner and lighter, whereas the price is but little above that for common plates. Call and see specimens.
N. B.—Dentists wishing to secure the office right for Dr. G. W. Cool's Improved Vulcanite Plates can have it made out to them by applying to this office.
N. B.—To strangers I would say, that a constantly increasing Dental Practice for the last five years in this city, will be a sufficient guarantee for them to receive a First Class and Finished Piece of Work. Numerous testimonials to the same can be given at the office.
Dental Consultations Free of Charge to all.

DR. JIM.
The Chinawoman who was shot in the breast and arm by her crazy husband at Salem a few weeks ago, has been entirely cured in three weeks time by the skill of this celebrated physician.
(Signed) MRS SHOEY.
Witness, W. O. Bailey

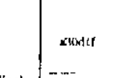

The Bitter Fruits of Bad Bitters.—Invalid reader, do you know what nine-tenths of the bitter compounds you are solicited by the proprietors to accept as universal panaceas are composed of? Give heed for a moment. They are manufactured from impure Rod alcohol, containing a considerable portion of fusel oil, a poison almost as deadly as prussic acid. The base of the regular tinctures of the Materia Medica is the same. No amount of "herbal extracts" can overcome the deadly tendency of the poisonous element. The essence of sound Rye thoroughly rectified is the only stimulant which can be safely used as a component of a Tonic, Alterative and anti-bilious medicine, and HOSTETTER'S STOMACH BITTERS is the only medicinal preparation in the world in which this article is used as an ingredient. Hence the extraordinary effects of this great specific. It gives strength without producing excitement. No other Tonic does this. All the ordinary Bitters flush the face and affect the brain. Hostetter's Bitters diffuse an agreeable calm through the nervous system, promote digestion and produce sleep. No other tonic so quickly revives the exhausted physical energies, restores the appetite, and removes the gloom and depression which always accompany the loss of the bodily powers.

Eureka.—Archimedes is said to have uttered this word, on finding out, after long and patient study, a method of detecting the adulteration of King Hiero's crown. So many others (after suffering for years with Consumption) have said when they tried NEWELL'S PULMONARY SYRUP and found that it cured them.

Florida.—"The land of flowers," where nature scatters with her generous hand beauty and fragrance, and burdens every zephyr with delightful odors. Such is REDINGTON & CO.'S FLORIDA WATER.

Cooper's Balm.—Though it may not be infallible, it will stand the test with any other single compound in the world, and ought to be in the possession of every Family Traveler, Mariner and Boatman. Your own experience is the best testimony that can be had in reference to it; therefore prove it for yourself, for it is a remedy to be at hand for every time of need, and is, emphatically the PEOPLE'S MEDICINE!

WHY SHOULD MEN INSURE THEIR LIVES,
AND PAY ONE COMPANY FROM 10 TO 30 PER cent more than another? The difference in rates is equivalent to a dividend in advance of that percentage, and for which the party insuring is not dependent upon the success of the Company, as he has that amount in his own hands. The

THE NORTHWESTERN
Will loan a member a portion of the premium. This VIGOROUS COMPANY is now issuing 1,100 policies a month, and ranks among the 25 New York companies, third in number of members, fifth in amount of assets. IT IS A PURELY MUTUAL COMPANY, having no stockholders to absorb a portion of the profits. It makes its ten payment policies non-forfeiting after one payment for one-tenth.
All companies doing business in Massachusetts make sworn statements of business, on the 1st of January of each year, to the Insurance Commissioners of that State. The report of the Commissioner for the year ending December 31, 1867, shows as follows:

Company.	Paid Stockholders.	Assets to liabil., excluding capital.	Average rate of interest earned	Loss and expense to receipts.
Northwestern	Purely Mutual	119.17	6.09	27.61
New England	Purely Mutual.	113 97	6	35.33

The Agents of the Company have the Massachusetts and New York Reports for the inspection of any parties interested in Life Insurance.
Parties about insuring should investigate this Company. We claim to be equal to all and superior in plans to many companies.

G. VENARD,
CHARTRES COFFEE!
Manufactory Established in June, 1851.
STEAM POWER, NOS 623 AND 627 FRONT ST.
HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.
The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.
BEWARE OF COUNTERFEITS.
Each package bears the signature of G. VENARD.

I am now making amongst numerous other styles of ARTIFICIAL TEETH the improved Vulcanite Plates of Dr G W Cool's Patent, patented Dec. 3, 1861, the improvement of which consists in lining the entire concave surface with fine gold. It not only makes the plate double as strong, ... cleanlier than the common Vulcanite Plate. It also can by it be made considerably thinner and lighter whereas the price is but little above that for common plates. Call and see specimens.
N B —Dentists wishing to secure the office right for Dr G W Cool's Improved Vulcanite Plates can have it made out to them by applying to this office.

The Bitter Fruits of Bad Bitters.—Invalid reader do you know what nine tenths of the bitter compounds you are solicited by the proprietors to accept as universal panaceas are composed of? Give heed for a moment. They are manufactured from unpurified alcohol ... a portion of fusel oil, a poison almost as deadly as prussic acid. The base of the regular tinctures of the Materia Medica is the same ... unfit for herbal extracts on account of the tendency of this poison ... The essence of sound Rye thoroughly rectified is the only stimulant which can be safely used as a component of a Tonic, Alterative and anti bilious medicine and HOSTETTER'S STOMACH BITTERS is the only medicinal preparation in the world in which this article is used as an ingredient. Hence the extraordinary effects of this great specific. It gives strength without producing excitement. No other Tonic does this. All the ordinary Bitters flush the face and affect the brain. HOSTETTER'S BITTERS diffuse an agreeable calm through the nervous system, promote digestion and produce sleep. No other tonic so quickly revives the exhausted physical energies, restores the appetite and removes the gloom and depression which always accompany the loss of the bodily powers.

Eureka.—Archimedes is said to have uttered this word on finding out, after long and patient study, a method of detecting the adulteration of King Hiero's crown. So many others (after suffering for years with Consumption) have said when they tried NEWELL'S PULMONARY SYRUP and found that it cured them.

Florida.—"The land of flowers" where nature scatters with her generous hand beauty and fragrance, and burdens every zephyr with delightful odors. Such is REDINGTON & CO.'S FLORIDA WATER.

Cooper's Balm.—Though it may not be infallible, it will stand the test with any other single compound in the world, and ought to be in the possession of every Family Traveler, Mariner and Boatman. Your own experience is the best testimony that can be had in reference to it, therefore prove it for yourself, for it is a remedy to be at hand for every time of need, and is, emphatically the PEOPLE'S MEDICINE.

WHY SHOULD MEN INSURE THEIR LIVES,

STEAM POWER NOS 625 AND 627 FRONT ST,
HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.
The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers and every day he sees increasing the number of those who by counterfeit or imitation of his mark seek to deceive the public, palming upon them their inferior productions for the genuine G VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless buyers should be forewarned and placed on their guard against this practice.
BEWARE OF COUNTERFEITS.

A Pen and Ink Sketch of Queen Isabella

Correspondence New York World

Paris, Sept. 21

I am sure you will read with interest [illegible] pen and ink portrait of the last Bourbon that sits on an European throne. It was contributed above four weeks since to a French newspaper.

Spain requires at this moment a great King or a great statesman, or lacking the latter a great people. But it has only fe nerds who conspire. Princes who are exiled. Queen delivered over to every contradiction and to the protection of all the saints in heaven.

The Queen of Spain is only thirty eight years old, she looks older. She has the common characteristic of the whole Bourbon family, caused either by regimen or excessive appetite, or both these causes together, namely all the family go from early youth to middle age without any other transition than rapid obesity and premature wrinkles. The portraits of Isabella II Louis XVI Louis XVIII Ferdinand VII and of Louis Philippe, represent all of them young and brilliant in their youth, or thickened by maturity and almost suddenly old.

Queen Isabella's face is round, her features are strongly marked, her nose is slightly turned, her eyes are small and blue, her hair chesnut, her complexion highly colored. Fortunately for her, nature repudiated from her parental inheritance the enormous, and unusual nose of her father, but, unfortunately she does not possess the enchanting grace of her mother, Queen Christine. She has nothing which reminds one of her parents, she has nothing which reminds one of Spain. The radiation of thought is lost or buried on that unmeditative face. Her voice is strong, slightly hoarse, slightly masculine. Her manners are those of a shopkeeper's wife familiar and without originality. Louis XVI an excellent locksmith, Charles IV, a good furniture maker, Christine, a zealous amateur of painting, and possesses a rare skill in embroidery! IQueensabella has no taste whatever for letters or the fine arts, or for the manual arts. She dresses richly, as becomes a queen, but she looks like a queen in Sunday finery, and not like a woman who adds the coquetry of her sex to the attraction of her office.

While her mother reigned she gave her name to a color, "Christine Blue." No cloth, no ornament, no color has ever in Spain borne Isabella's name. Her way of life is convenient, but not exactly in accordance with the laws of hygiene. She sleeps longer than is reasonable. She breakfasts gluttonously as Louis XVI ate, between one and two o clock. She very often hears mass at four o'clock P. M., which makes the post of Court Almoner very dangerous for the health. According to the doctrine of the Church of Rome no priest can celebrate mass except fasting, no morsel of food shall pass his lips until mass shall have been celebrated. To fast from the previous midnight until 4 o clock P. M. must tell on the health.

Toward evening the Queen takes a drive in the retired portion of Retiro, and sometimes in the most frequented avenues of the favorite Madrid drive. Saturday she goes to Atocha church to pray. Whenever she publicly leaves the palace she goes out in a stage coach with six horses, escorted by cavalry, and followed by four or six [illegible] coaches drawn by mules such coaches as those cardinals at Rome ride in.

At nightfall the Queen returns to the palace and eats with as much appetite as in the morning. She is sometimes seen at the performances of the Theater Royal and of the Opera and although the theater is only gunshot from the palace, she goes there with the inevitable procession of cavalry horses, mules, coaches, and lackeys wearing flesh-colored stockings and those immense hats worn by the grooms of the Pontifical court. After the performance, the queen presides over the Council of Ministers, and the secret *camarilla*, after which she is free and disappears.

A Negro Wedding.—A negro wedding, says the Montgomery (Ala.) *Mail* lately took place in this county, at which the sable parson thus spoke:

"Here is a couple who walked out to-night wishing to be jined in and thru love, and wishing all dem dat have any ting twixt dem come forward and speak now, if not let dem hold dar peace now and forevermore. I wants every ear to hear and every heart to enjoy.

"Mr Jim Thomson, whomsoever stands fastly to your left side, do you take her for your beloved wife, to wait on her through sickness and through health, safe and be safe, holy and be holy, loving and be loving? do you love her mother? do you love her father? do love her brothers? do you love her sisters? do you love her master? do you love her mistress? but do you love God the best?"

Answer.—"I do."

"Miss Mary Thompson, whomsoever stands fastly by your right side, do you take to be your dear beloved husband, to wait on him through health and through *confusion*, safe and be safe, holy and be holy, do you love his mother? do you love his father? do you love his brothers? do you love his sisters? do you love God the best?"

Answer.—"I will."

"I shall pronounce Mr. Jim to hold Miss Mary fastly by the right hand, and I shall pronounce you both to be man and wife, by the commandments of God. We shall hope and trusting through God that we may live right, that you may be right now and for evermore. Now Mr. Jim, *slew* your bride. Let us sing a hymn:

Plunged in a gulf of dark despair, etc."

They have [illegible] in Hartford, Conn. The *Post* of that city said on Friday: "At twelve o'clock this [illegible] there were 88,000 [illegible] 40,000 [illegible] town, with the fifth and Sixth Wards to hear from."

At the Massachusetts [illegible] other day a gentleman who [illegible] not read the Revolution [illegible] toast: "The Coming Woman—may it be a long time before she arrives."

The three great attractions just now in San Francisco are the small pox, earthquakes and the Grecian bend. The last named is a double.

Mr. Zachariah Wilson, Portland, Oregon, writes:

It requires an article of real merit and intrinsic value to sustain itself during the stormy ordeal of public experiments. Murray's Improved Magic Oil has stood the test of time and has not been found wanting. The astonishing efficacy that I experienced—its curing me of Chronic Rheumatism and Lumbago of long standing, entitles Dr. Murray's Premium Lung and Liver Balsam and Improved Magic Oil to a high rank in the list of remedies for Rheumatism, Lumbago, Ear ache, Distressing Pains, etc. "

John English, of Howell Prairie, Marion county, Oregon writes:

I was taken with a severe attack of Rheumatism in my knee joints and extremities accompanied with a severe cough for two months, so that I had to use crutches. In the meanwhile trying all remedies in common use. Your Magic Oil and Balsam gave me instant relief and I was able to walk in four days without crutches. I have not felt any rheumatism since. I have seen your family medicines used with excellent success. I have no hesitancy in saying it is the best preparation for family use ever tried for those complaints. I am now on my way to [illegible] with America after residing in Oregon twenty years. I must now have two dozens Balsam and two dozen of your Magic Oil dollar bottles, as I am sure they are the best remedies in Oregon, and I would not be without them in my house, and when this package of medicine is exhausted I will send to your office in Portland for a fresh supply.

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr Gibbon's Dispensary,

616 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhoea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences or from virus absorbed into the system. Look at their pallid emaciated and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends attend to those who are suffering with any of these horrible life-destroying maladies, see that they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private disease his especial study for years and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. He therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self abuse. This solitary vice or depraved sexual indulgence is practised by the youth of both sexes to an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequently insanity. If relief be not obtained should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them, nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use. For Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders, who, with bogus sworn certificates, dupe the unwary. Some of the self styled doctors whose names are to be found in the daily and weekly newspapers of San Francisco and other places are tradesmen, and became too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. Look over the San Francisco Directory and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry—it will cost you nothing, and may save you many regrets; for as advertising physicians in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patients' letters, etc. Dr. Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure.

Address DR. J. F. GIBBON, 616 Kearney street, corner Commercial, San Francisco. Post Office Box 262.

REMEMBER TO PUT BOX 262 ON THE LETTER.

Consultations FREE.

Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian*.
